Funding the Band Program

The Spain Park Band program is partly funded through the Hoover City Board of Education. The bulk of the funds necessary to operate an organization such as this are generated in three ways:

- **Fees**

- The Hoover City Board of Education requires all students to pay an “**Elective Fee**” of **\$180** at registration each year. The “Elective Fee” is used by the Directors and Sponsors to purchase needed classroom and instructional supplies used throughout the school year.
- Additionally, each marching member of the Band is required to pay a “**Fair Share Band Booster Fee**” of **\$350** prior to the start of marching band camp. The “Fair Share Band Booster Fee” covers pre-game meals for every marching member, uniform and school-owned instrument repair, new equipment, transportation, additional on-site instructors, and a myriad of other needed items and services. Every penny is spent on your student for the betterment of their education and overall band experience. Fees for families with multiple students in the SP Band are reduced by \$100 for an additional student (i.e. \$350 for the first, \$250 for the second). You have two options to cover the “Fair Share” funds: the support of a Corporate Sponsor or purchasing a Family Sponsorship. Detailed forms are attached or can be viewed online at <http://www.spainparkband.org/support-sphs-band/>

- **Football Concessions and Fundraisers** – The Band Program is fortunate enough to operate the concessions stands for all home football games (JV and Varsity). Each family will be required to work a set number of games determined by the Band Booster organization.

Families may choose to opt out of working in the concessions stand, instead paying a “Concession Buyout Fee” set by the Executive Board of the Band Boosters. The “Buyout Fee” shall not exceed the amount of the “Band Booster Fee” for that school year.

The remainder of the budget can be raised through a few select, tried and true fundraising programs.

- **Sparks in the Park Marching Festival** – The Band Program also hosts a competitive marching festival. Every marching member and their family will be expected to assist us in hosting this exciting event. We typically earn between \$10,000-\$15,000 with this event! We expect to make similar profits again this year.

All band fees must be paid in full prior to the start of band camp for the student to participate in the Band. If there is a hardship, arrangements should be made with the band director and boosters.

If a student pays band fees and decides before band camp not to be in band, the total fee paid toward the upcoming year is refundable. The beginning of band camp officially begins the current band year. Refunds will not be given if a student drops out during the current year.

If a student starts band after the beginning of the school year, their band fee is prorated based on the full fee amount and the time remaining in the current school year.

Students who have not paid their band fees (or made other arrangements), as well as those students on extended payment plans whose fees are not up-to-date, may not be allowed to participate in non-classroom band activities (i.e. football games, competitions, concerts, etc) and will not be allowed to travel with the band.
